No. $\frac{16}{3}$ of 2nd April 1891.

The Excise Commission
in Mysore

Sir,

I am directed to request the favor of your submitting at once a list of the recognised Foreign liquor brands for which Dy Commr. have issued licences; and to enquire what safe-guards are in force to distinguish between genuine Foreign liquor and imitation foreign liquor manufactured in the Country.

I am also to ask that Dy Commr. may immediately be instructed to use every precaution

possible to prevent the
sale of imitation foreign
liquor manufactured in
India under their licenses
for sale of foreign liquor,
and not unnecessarily
to multiply the number of
recognized brands without
full investigation and
enquiry on the subject.

I have &

~~At~~

to sell. ^{is satisfied} If the Dyk Court ^{finds} that the list does not include any ~~Spurious~~ Brands. The Dyk Court must then satisfy himself that every ~~the~~ Brand named in the list ^{is} of Genuine Foreign Spirit & fermented liquor as specified in the definition in the Act of 9 May 89. and he if he finds in the list any doubtful, ~~test~~ ^{holding} or Spurious Brand he shall exclude the same from the list to be appended to the license. The list appended to the license when granting it in the first instance, is liable to be added to or otherwise altered upon the appl^s of the license holder in the manner laid down in Para II of the license.

... Applicants for licenses must be discouraged from asking for a ~~needless~~ long list ^{containing Brands} of liquors they have no intention of importing or selling.

... The Dyk Court will exercise the greatest care possible in admitting into the list any Brands ~~which are~~ bottled not imported directly from Europe, America or Australia.

... Brands bottled in ~~the County~~ India ^{must not} be admitted into the list ^{obtained} without the sanction of ^{the} Dyk Court ^{who before} giving such sanction ^{will} require the strictest guarantee that no County liquor in any shape enters into the ^{County} or such Brands.

Sir,

With reference to your official Memorandum no 3-10 dated the 2nd April last, I have the honor to state that at present there are no proper safeguards in force to distinguish between genuine Foreign liquor and imitation foreign liquor manufactured in the Country.

2. I herewith submit for information an Extract from the Excise Assistant Commissioner's docket no 828 dated the 14th Ultimo, and I fully endorse his views on the subject.

3. The best arrangement under the circumstances will be to compel the shopkeepers to get all their supplies direct from the foreign manufacturers with -

without bulk being broken enroute and when received in cask, to have the bottling &c done under the supervision of the Excise officers.

4. In many instances, the labels on the bottles with the shop-keepers contain a note to the effect that the liquor was bottled in Europe but from the low strength of the liquor as discovered on actual test the genuineness of the labels is open to great suspicion.

5. I am therefore of opinion that the licenseholders should be required to import direct from the place of manufacture and that those who are unable to do so ought not to be granted any licenses to sell the liquor.

6. Further, the shop-keepers should be held liable to pay an Excise duty to the Government in all cases in which they fail to adduce satisfactory proof of such direct importation

importation.

37

7. A list of the brands which the shopkeepers in the district have been licensed to sell is herewith enclosed. Those shown in red ink were added to the printed list in the licenses.

I have the honor to be,

Sir,

Your most obedient servant.

Enclosure No 40 -
Extract from the Excise Assistant Commr
G. S. S. No. 828 dated 16th May/91

refer to this office Circular No. 28-3
of March/91 from which it will
be clearly seen that it is very difficult
to draw the line in this matter. The
only remedies are two -

I. To get the shop-keepers to import all
their supplies direct from the foreign
factories and have the supplies needed
for, consigned to the Province, direct, intact,
without bulk being broken enroute. When
sent in casks that the bottling be done
under the supervision of the Excise office
and cork and label impressed with the
Mysore Government -

II To remove duty of Excise on all liquors
sold in Foreign Liquor shops. This would be
the simplest and most efficacious means
of protecting the interest of the Mysore
State. Nine-tenths of the so-called-foreign
liquors are made in India. Messrs Morrison
& Sons make Whisky, Gin, Rum, Brandy &c at
Rampet and other firms do so elsewhere in
India. By the addition of essential oils,

Country. Liquors can be readily palmed
off for any of the foreign liquors
and the quotation extracted in this
office Circular under reference shows
that even a chemist can be deceived.
But both classes of liquors are now
brought and sold in our foreign
liquor shops goes without saying. Detection
is impossible. The Mysore Government
should not, therefore, hesitate to recover
its legitimate dues and check the evil
which cannot otherwise be effectually
eradicated.

This Docket No 3-10 of the

Has the honor to state
that there are only 2
shops in this District in
which are licensed to
sell foreign liquors, viz.
one in the town of Sim-
kai and the other in the
Refreshment room in the
Simkai Railway Station.

2. A statement showing
the foreign liquors entered
in the License for the
shop in the town of Sim-
kai for the year 1890-91
under the signature of
the then Deputy Commissioner.

Sr.

Mr. Press is enclosed. In the License for the Refreshment room the Vendor is permitted by the said Officer to sell "such brands as are authorized in the Company's monthly guide Book".

3. With reference to the query as to what safeguards are in force to distinguish genuine foreign liquor from their imitations manufactured in this country, begs to state that the well known names of the manufacturers and the capsules on the bottles generally form the basis of check and examination. In doubtful cases samples are procured from the manufacturers direct for comparison. There was an occasion for such a course with the result that the Vendor was not found to be in possession of the identical liquor entered in the license, but some thing else. Due notice was taken thereof.

Mr. Meiklejohn had up all
the shop keepers with the

he selected only such as

of the capsule and label evi-
dently appeared to have

the 12 as per margin and
even here some of these 12

reduction and blending can be done in a warehouse in charge of the Excise department but so as not to interfere with the so called "trade secrets" and if the merchants want any country liquor to add picquancy to their brands the department can give them capital double distilled liquor of any strength which has paid duty of Excise in Mysore. Each bottle will bear the Mysore Government seal on the cork and label for identification of the Excise officers - (20) If the merchants object to condition no (1) then I respectfully submit there is no other alternative but to impose duty of Excise in Mysore on every drop of liquor imported into its limits. Nothing less will put down the fraud.

Sir;

Nos 6, 7 & 10

I have the honor to enclose copy of the papers as per margin and to state that it is not advisable to add on to the list of Spirits any further as it is not desirable to encourage the sale of any but the genuine foreign liquors, directly imported by the manufacturers. Any other samples, bottled in India & alleged to belong to such manufacturers, and on which their names are openly flaunted, are open to suspicion. The price appears dead against its being genuine. Government does not want to encourage the sale of ardent spirits among the rural classes. To authorize the sale of these spurious foreign spirits, at such a cheap rate, would facilitate this being done. For the more respectable classes who have imbibed a taste for strong spirits — double distilled liquor is now very carefully made and placed at all. Whole-sale Depots for these classes. This Mysore liquor is in every way far superior to the majority of the so called foreign stuff now vended. I would however strongly advocate the

minimum strength be reduced to 10 U.P. from Proof to correspond with the strength, at which the Foreign liquor is imported. But here again the Contractors have lamentably failed to take advantage of the concession made by Gov^{ts}, and have not exerted themselves to get the shops licensed to sell these liquors to take stock. - The very severe restrictions placed by the Excise Commissioner, recently, in directing Amildars to sign, seal and issue passes, are suicidal to the interest of the Department and fosters the sale of the foreign article by stamping out the local trade. It is a foregone conclusion that no respectable person will go to the Taluk-Amildar for a bottle of grog. - If the Contractors & W. S. Vendors commit frauds they should be run in and punished, and this with strong staff we now have can be readily done. To punish themselves Government and the public, appears to be an extreme course to adopt, to remedy the unscrupulous acts of their untrustworthy employes to punish whom the courts are open, and for which an Excise Staff has been specially entertained. I enclose copy of a letter of this date addressed to Mr. Smith for your perusal & favourable support to remedy these evils. -

11 The object aimed at in the Rule is to suppress the sale of spurious imitations of foreign spirituous and fermented liquors, and by recognizing the bottling of Spirits in India, and allowing the sale thereof

side by side, with that which evidently and clearly appears to be the genuine article most certainly offers a premium for illicit practices, and the means of perpetrating a fraud openly to the injury of the "Home Manufacturer", and the loss of Government Revenue, by the facilities afforded to the Agents in India to mix spirits made in India, therewith, and which have thus evaded payment of the Excise duty to the Mysore State.

iii Foreign liquors are also largely diluted by unscrupulous Agents in India and then sold under the name of the Foreign Manufacturer. In some instances bottles, corks, Capsule and labels are imitated and with very slight differences passed off on those who know no better, or use it as it is offered at a cheap rate. —

iv This Department has no objection to the liquor of the Foreign Manufacturer being imported in Casks but its bottling must be supervised by the Excise Department and to obviate any frauds thereafter the seal of this Department must be impressed on the Capsule and label of such liquors to enable its officers to readily identify the same when offered for sale to the Public. Such importations must be consigned to the Mysore Province direct.

and

and the invoice checked & passed by the Excise officers, ere bulk is broken.

v It is of primary importance that all stocks of foreign bottled, or otherwise imported liquors should also likewise be consigned to the Mysore province with the invoice. Till this can be arranged it is absolutely necessary that samples of all such brands authorized to be sold should be obtained and retained at least at each District Head Quarters, to compare with stocks exposed for sale, and ensure prosecutions against those selling unauthorized spirits, which bear only the name of the manufacturer, but not being according to sample, are simply spurious imitations thereof, and the sale whereof would be a fraud on the Govt^l Revenue and the unfortunate manufacturer.

vi In conclusion I beg that these points may be strongly urged on the Excise Commissioner's attention, and in requesting the same being placed before Government, sanction to the additional time now ~~was~~ allowed by the Deputy Commissioner solicited. The men are poor traders. They have purchased the stock. — It must be got rid of. It would ruin them to interdict the sale. The Licenses were not issued, they say till August. It was thus too late for them to act

Camp No. 10.

Has the honor to request that the stock of double distilled spirits and hulk Punch may be handed over ^{to all shopkeepers licensed} to sell. Foreign spirituous and fermented liquors who have been authorized to sell the same under their licenses by Government for.

2. Suggests that the shopkeepers be allowed the 2 per cent granted for wastage by Govt as their commission for the retail vend of the double distilled spirits.

3. The liquor will be consigned to the wholesale Dept and the case handed over to the

shop-keeper on payment of cash.

4. After the sale of 100 bottles he may be paid the value of (12) twelve bottles or given 12 bottles free. This would be equal to a fee of about 2 ans. per bottle.

5. As regards "Milk Punch" a Commission of 2 as. should be granted pro-tem for the sale thereof. The question of rates will be settled personally by with the Contractors hereafter.

6. There is a demand for "Methylated spirits" here. The Contractors can sell it for 10 Ans. and allow the shop-keeper to do so at 12 ans. per bottle.

7. It would be suicidal to the interests of the Excise Revenue to hand such liquors over to the Amildars and effect the sale thereof under the Amildar's seal & signature

on submission of a formal application for the same, as directed by the Excise Commissioner.

8. It is very desirable that the early sanction of Govt. should be obtained to allow the Contractors to sell double distilled liquors at 10th under proof.

9. As the Contractors have a right to sell the liquor made by them and as they cannot trust their Wholesale Vendors to do so, the Excise Com^{rs} should be asked to move Government, in its own and in the interests of the Contractors & public, and to put down the consumption of spurious imitations of the Foreign article to allow the Contractors to sell their liquor at all Depot-Head Quarters under a free license pro tem through other than by their agents. The question of keeping

license fee can be deferred till
the Public demand at Local
Fund Dispensaries and by
private parties is gauged.

10. The favor of a reply by return
post is requested to para
one to five, as the Excise
Comr's order alluded to in
para 6 has to be given effect
to at once and it is therefore
desirable to transfer these
liquors where a sale will

In reply to your docket no. 58 dated 7

that the licenses were not issued to
shopkeepers till some months after

Colonel Campbell therefore gave them
permission to dispose of such
stocks within the time fixed i.e.
by 31st March 1891 (Vide enclosure
sent with my no. 99 of 18th October '90) &
have given in detail in that letter
the safe guards I adopted. The list

Colonel Campbell by a glance rejected
them. He was of opinion that a few
well selected genuine brands im-

suffice and therefore the Govt list was ample but at the request of the shopkeepers added two ————— more brands viz: Etienne Cognac and John Crabbe Whiskey. It has since directed me to add Napier Johnston's Whisky. It will thus be seen that liquors bottled in India were carefully excluded from the list.

2. As regards para 2 the order of Govt conveyed in Progs. no: 28-86 dated 3rd instant will be acted up to.

3. I beg to refer you to my letter no: 28-35 dated 31st March last & to state that it will be utterly impossible to protect Govt from fraud unless the stock for Mysore is Consigned direct without bulk being broken en route. For identification the Mysore Govt seal must be affixed by the Excise Department on each Cork & label especially when liquor is ~~imported~~ imported in Cask. The only other alternative is to impose the Mysore duty on all such imported liquors which Govt have the right of doing under the Excise act.

* The Select Committee appointed to Consider whether on grounds of Public health, it is desirable that certain classes of Spirits, British & Foreign, should be kept in bond for a definite period before they are allowed to pass into Consumption, and to inquire into the system of blending British & foreign Spirits, held its first meeting for the present Session on Tuesday, Sir John Mayfair the Chairman presided. Mr. W. Holden Principal of the Customs Laboratory stated that he had made further investigation into some points of evidence last Session. It occurred to him that it was highly probable that Fuel oil became the dominant factor in giving their Statistics of certain spirits of different origin. His first experiment was made on the 2nd October last. He added 5% of grain fuel to a Cask of ordinary brandy. The effect was that in a very short time - three weeks - the harmony lost its entire characteristic as Brandy and took that of grain spirit or of a spirit produced from grain. Seeing that this change was so rapid and effective he determined to try a smaller percentage and experimented with one tenth per cent instead of five tenths per cent. The consequence was very similar except of course that the fuel oil was not so distinctly marked. As a general result of these experiments he was of opinion that spirits possessing natural distinctive characteristics, owed those characteristics, in the first instance in a great measure to the presence of the Fuel oil natural to their origin and that if a quantity of fuel oil of a different origin were added to them. Their identity must soon become a thing of the past.

I have the honor to state in the margin extract on the subject of frauds perpetrated on liquors in England, from which it will be readily seen how impracticable it will be for me to make the selection order by the Excise Commissioner. 2. My difficulties are intensified when I state that Messrs Morrison & Son Distillers & rectifiers, Acet, are manufacturing Arrack, Brandy, Gin, Rum and Whisky

of superior quality and those spirits are being

Sold by Messrs. Subbapathy Chetty & Co. Madras
(Vide advertisement in the Madras Times
dated 12th December 190).

3. — I have therefore not only to distinguish
liquor "doctored" as indicated in para 1
but also those made on the English method
"In India as per para 2."

4. — I have consulted ^{both} Messrs. Ganne and
Benson & they both agreed that there was no
other way but to restrict sales to well known
& recognized brands imported direct
from Europe ~~sea~~ or when sent in Casks
bottled in Mysore under the supervision of
the Excise Officers and duly sealed by the
Excise Department so that they may be
readily recognized. There are no other
practical ways of getting over the difficulty.
Mr. J. Smith was also of the same opinion.

5. Under these circumstances I enclose
a copy of a letter addressed to Messrs. ~~to~~
Mr. Dowell & Co. of Madras, and to state
that the action taken was effected after
consulting both the Dy. Commr. of Mysore
and the Dewan Bahadur. I would therefore
suggest similar action be taken on
all applications from other firms. As
a matter of fact our wants are small
and it is utterly useless to enter hundreds
of brands to meet the same. A well selected
number is all that is required to protect
our interests and meet the small local
demand therefor.

6. To legalise the act thus taken I beg
a copy of this reference may be sent to
the Excise Commissioner with a request

to lay the same before Government for
formal Confirmation or issue of such
further and clear orders as Government
may deem advisable to pass thereon for

on the subject.

Under the present circumstances the question is undoubtedly one involved in serious difficulties and cannot for obvious reasons, be answered with any degree of certainty.

Though I generally concur with the views expressed by Mr. Mac Donnell in his letters above referred to, I fear that they tend to allow undue monopolies to a few (out of a very large number of well known and respectable Firms) which may be recognized by us, while the intentions of a liberal Government are far from any such monopolizing to the detriment of other Firms with equal

claims to import genuine
foreign liquors.

The paying public are
I submit, after all the best
judges in the matter
of distinguishing the

foreign liquors, the Govt
concern being chiefly
to protect the interests of
their own excise revenue.
For this protection, I beg
to suggest that a competent
committee may be formed
at Head Quarters to examine
and pass all imported
liquors on arrival, any
found not genuine or
of a doubtful genuineness
being subjected to the
usual Mysore duty.
Since

Since the Department cannot
itself impart the liquor
required for use in the
state, it is under little
necessity to distinguish
genuine from imitation

mentioned purpose.

Sir.

With reference to  
 the list of Foreign liquors  
 bottled in India, submitted  
 by you with your despatch  
 No 1009 of the 17<sup>th</sup> May  
 1892, I am directed to  
 point out that in the  
 column headed "by whom  
 bottled," the names of  
 Messrs Leighton & Co  
 have been inserted, while  
 in the copy of the Certificate  
 or guarantee given by  
 them they say that  
 "we do not bottle any

"liquors here: all ours  
"are foreign bottling"  
This discrepancy requires  
explanation.

2. I am to request  
that the lists of liquors  
bottled in India received  
with the Certificates or  
Guarantees given by  
the several firms may  
be submitted to this  
Office for reference.

3. The names of  
Bottlers as entered in  
the lists A & B shewing  
the names of certain liquors  
to be inserted in the  
licenses applied for  
by Messrs Acanbrum  
Modaliaw & Co and J. J.  
Shunmoga Betty at Kolar  
road, do not correspond  
with those given in the

General list submitted by you. I am therefore to request that needful corrections may be made in the said lists which are herewith returned.

4. You will also be good enough to report whether <sup>all</sup> the original Guaranties ~~copies of which have now been submitted by you have~~ have been properly executed on Stamp papers.

5. The ~~complete~~ list of all foreign liquors admitted into the foreign liquor licenses, called for in para 1 of Joint

Pro: No 4138 of the 6<sup>th</sup> 416

July 1891 not having been received up to

Enclosure  
To The Deputy Commissioner  
of Districts

Sir,

In continuation of this Office Circular<sup>s</sup>  
1888-95 dated 21<sup>st</sup> instant, calling for State-  
<sup>43</sup>ments of brands of foreign liquors admitted  
into the licenses granted on 1<sup>st</sup> April 1892, I  
have the honor to state that the necessary es-  
tablishments could not be submitted to Govern-  
ment during the past year owing to the follow-  
ing reasons:—

(1) That the Statements of a certain District  
were received only on 17<sup>th</sup> May 1892, more than  
1½ month after the close of the past official  
year for which the licenses had been granted

(2) That the lists of foreign liquors entered  
in licenses by the Deputy Commissioners of  
several Districts, are not in the form prescribed  
in Government Proceedings No 4/38, dated  
<sup>4/6</sup> 6<sup>th</sup> July 1891, nor are the opinions of the  
Excise Assistant Commissioner and Deputy  
Commissioner

Commissioner recorded in regard to every liquor shown in them, as laid down in para 1 of the said Proceedings;

(3) that the lists of country bottled foreign liquors already admitted into the licenses now in force, or recommended to be admitted into them, are not submitted with proper guarantees from the bottlers, as per para 4 of the said Proceedings.

2. The following remarks are made in Chief Secretary's letter No.  $\frac{5403}{503}$ , dated 23<sup>d</sup> June 1892:—

"The list of all foreign liquors admitted into licenses, called for in para 1 of Government Proceedings No.  $\frac{4138}{416}$ , dated 6<sup>th</sup> July 1891, has not been received up to date. I am to express the Government regret at the delay in furnishing complete information on the points alluded to in the said Proceedings."

3. Under the above circumstances, I beg that you will be good enough to submit the following information with the least practicable delay:—

(1) A complete list of all foreign liquors entered by you in the licenses granted on 1<sup>st</sup> April 1892, accompanied by the brief opinions of yourself and Excise Assistant Commissioner as regards every liquor entered in such list.

(2) If any country bottled foreign liquors have

have been entered in the above licenses, or  
if you wish to recommend any of such liquors  
to be admitted into them on the ground that <sup>they</sup> are  
genuine foreign liquors, as lists of such liquors  
should be sent to this Office for submission to  
Government for sanction, accompanied by  
copies of guarantees given by the Bottlers that  
no country liquors enter into the composition  
of the foreign liquors entered in such list,  
the names of which should be given in full &  
detail in a separate list to be appended to  
each guarantee. The original guarantees should  
be executed on proper stamp papers and sent to  
this Office for record.

(3) A separate brief Memo: as regards the  
scheme referred to in para 6 of the aforesaid Govern-  
ment Proceedings, should be obtained from the Esau  
Assistant Commissioner and forwarded to this  
Office, accompanied by your opinion thereon.

## SHERRIES.

**S**HERRY is the most useful and popular Wine consumed by Englishmen, and deservedly so when its excellent keeping qualities as well as its general wholesomeness are considered. There is no Wine which after being decanted will keep its flavour and freshness like Sherry. All other Wines become flat after a few days in the decanter, while Sherry will keep good for weeks. There has never been a time when Sherries were less alcoholised, so carefully made, or generally so good in all respects as now; and our connections with shippers of the first standing at Jerez give us great advantages in the selection of our Wines, which will be found of admirable quality at every price. Our cheap Wines do not, of course, possess the age and flavour of the expensive Sherries, but we believe them to be equally wholesome.

# MANZANILLAS.

These agreeable light dry Wines, grown in the district of San Lucar, not far from Jerez, the centre of the Sherry trade, are preferred by many owing to their freedom from saccharine. They possess an aromatic, somewhat bitter flavour peculiar to themselves.

## PORT WINES.

Although Port Wine is not now so fashionable as formerly, it is exceedingly invigorating and restorative, especially in India. In the present day Port Wine is generally allowed to mature in casks, instead of in bottle, which is a slow and therefore a most expensive process. If allowed to become old in the wood, it acquires softness, and becomes a very pleasant Wine.

We quote the following medical opinion in its favour :—

**DR. PETER HOOD**, in his "*Treatise on Gout, Rheumatism and the Allied Affections*," says, "Notwithstanding its bad reputation as a cause of Gout, there is no more wholesome Wine than genuine Port." He lays great stress, however, upon its being matured in the wood.

## Spanish Port.

Tarragona, a red Wine from the north of Spain, being rich and fruity is much liked by the poorer classes, and affords them in sickness a pleasant and wholesome stimulant.

# MADEIRA.

The Wine of Madeira when duly matured has a soft fulness combined with a refined and delicate high flavour. Owing to the favorable vintages of late years, good Madeira has been readily obtainable, and the price of it has fallen, so that this really fine Wine is becoming popular again.

We are the Agents in this Presidency for Messrs. Blandy Bros., and keep in stock their E. B. Madeiras.

# CLARETS.

Claret, the name generally used in England for Red Wines grown in the neighbourhood of Bordeaux, is certainly the favorite Wine used as a beverage amongst the middle and upper classes of all civilised nations. Other Wines may compete with it locally, but Claret is drunk all the world over.

The Clarets offered below have been prepared and shipped for us by the most eminent and oldest established Bordeaux firms, and amongst them will, we trust, be found Wines suited to the requirements of each and all of our customers:—

NOTE.—These fine Clarets should be allowed to rest in an upright position for about 24 hours before using: and then should be carefully decanted. The last one or two glasses should not be poured into the Decanter.

## CHAMPAGNES.

Many brands of Champagne which are popular in England are not suitable for the climate of India. Our experience enables us to select and keep in stock those brands which can be relied upon as the best, and we can thoroughly recommend all the Wines in our list. These have all been prepared for the Indian climate, and our friends in the Champagne district keep special reserve stocks for our use.

NOTE.—Champagnes should always be iced before the bottle is opened; putting Ice into the Wine weakens the flavour.

## Sparkling Saumur.

Saumur Champagnes never attain the delicacy and highest qualities of the finest wines of the department of the Marne, but they are sound genuine Wines prepared with the same care and attention. Their fuller flavour renders them preferable for mixing in "cup," and they are more wholesome, and better in every way, than most cheap Champagnes with grand names.

## BURGUNDIES.

Burgundy has a softer, fuller and richer flavour than Claret, and is generally preferred in France, especially as a Dinner Wine. It is a somewhat stronger Wine, and is frequently recommended by the Medical Profession in cases of debility and convalescence.

# RHINE WINES.

The White Wines of Germany are even lighter and more fragrant than the French, and have a natural aromatic flavour which is characteristic of them. Even the younger and cheaper Wines have a decided "bouquet," and the red Hocks possess the same well defined aroma.

# AUSTRIAN WINES.

SHIPPED BY MR. R. SCHLUMBERGER, VOSLAU, NEAR VIENNA.

SPENCER AND CO., Sole Agents for Madras Presidency.

We can speak in the highest terms of these Wines. The Red Voslauer is more satisfying than Claret at the same price, and may be said to come midway between Clarets and Burgundies. The Goldeck Wines, both White and Red, are especially recommended for Invalids. The Sparkling Voslauer is preferred by many to Champagne at a higher price.

The well-known and leading Physician, Dr. B. Loudon of Carlsbad, sends the following testimonial in regard to these now celebrated Wines:—

*"I testify with the greatest pleasure that Mr. Schlumberger's Red and White Voslauer Goldeck Wines agreed well with all my patients who used them during their cure in Carlsbad, for complaints such as Indigestion, Liver, Jaundice and Gout. The Wines were found not only pleasant in taste, but also a genuine and healthy beverage."*

# HUNGARIAN WINES.

SHIPPED BY MR. IGNAZ FLANDORFFER OF OEDENBURG.

As supplied to the Imperial Court of Austria.

Hungarian Wines have generally been known in England as "Carlowitz," and have become very popular under that name, but there are other varieties which well deserve attention. Mr. Flandorffer is one of the largest and most successful Wine Merchants and Growers, and his Wines are thoroughly representative of the best produce of Hungarian Vineyards.

## AUSTRALIAN WINES.

There has lately been great improvement in the production of these Wines. They are generally rich and full bodied, and bear a plentiful addition of water, being therefore economical and suitable for family use. We can strongly recommend the latest addition to our list "Claret No. 1" as possessing greater delicacy and *finesse*, and being more like a French Wine in character.

### HIGH CLASS AUSTRALIAN WINES.

SPENCER AND CO., have just received a small consignment of a higher class of *Australian Wines*, than has hitherto been shipped to this country, and which they have much pleasure in recommending to their customers. They have only a small quantity at present, as they wish to see how the Wines are liked, before increasing their supply.

The following is the report they have received on the Wines:—

|                                                                                                                                                                                                                                                                                                                   |     |     |     |                  |      |      |

## Marsala.

This is a strong useful Wine, free from excess of spirit, grown in the Island of Sicily. It is preferred by many to Sherry at the same price, and answers admirably for cooking purposes.

GENTLEMEN,—I have much pleasure in testifying to the efficacious properties of your Coca Wine. It is undeniably a healthy stimulant and a nerve tonic, especially beneficial to one, who like myself, is abstaining from intoxicants, and it is moreover a very palatable and pleasant drink at lunch or dinner, strengthening the digestive organs.

## “ALL TATTERED AND TORN”

Is more or less true of many things received home from the weekly wash. They certainly do not become so in the wear they receive. Try this for yourself.

**TAKE TWO** equally new articles, shirts or any other garments, requiring a weekly wash, and receiving equal wear.

**WASH ONE** with ordinary soap in the usual way, and wash the other with **SUNLIGHT SOAP** as given on the directions with each packet; then at the end of the year examine each article and see for yourselves whether it is the daily wear or the old-fashioned soaps and the old-fashioned washings that is most damaging your linen. Note the one washed with **SUNLIGHT SOAP** and in the **SUNLIGHT WAY**; see how clean and pure it is, and after 12 months of hard wear, it is quite equal to new. Follow the directions given with each tablet; easy for you, easy for your servant. We can only urge you to give

Sir,

With reference to Government  
Proceedings No. 11674-7, dated 6<sup>th</sup> January  
R. 3141-92  
1893, I have the honor to forward, herewith,  
a list of all Foreign liquors admitted  
into the licenses of shopkeepers and now

2. Printed lists of genuine liquors  
have been received from respectable firms.  
Enquiries are being made as regards  
the genuineness of the liquors now in  
possession of the shopkeepers but not for  
in such lists. All the liquors ascertained

be spurious imitations of foreign liquors,  
will be excluded from future licenses  
which will be restricted to the genuine  
liquors found in the lists of well known  
respectable firms.

I have the honor to be,

To

The Chief Secretary to the Government  
of Mysore

Sir,

In reply to your docket No. 19062  
41-92  
dated 14<sup>th</sup> instant, I have the honor  
to state that the sanction of Govern-  
ment is required only to the inclusion  
in the licenses of genuine foreign  
liquors bottled in India, as laid  
down in para 4 of Government Pro-  
ceedings No. 4138  
416, dated 6<sup>th</sup> July  
1891. The liquors of other Brands  
not approved by Government in  
the

the Proceedings quoted in the above docket, are those admitted into licenses by the Deputy Commissioners as foreign liquors not bottled in India, but bottled in Europe, America or Australia and received in India intact in such bottles.

In a shop in the Shemoga District, ten bottles of spurious foreign liquor were found. As this liquor is not mentioned in the lists of any respectable firms, a bottle of it was sent to the Chemical Examiner who has reported that the liquor contains opium in such quantity as would prove injurious to health if the liquor be freely consumed. Thereupon the whole of the bottles have been

been attached, and the Deputy  
Commissioner has been requested  
to trace out the source from which  
the shop-keeper obtained the delictu-  
ous liquor, and report the result to  
this office.

3. The result of enquiry in other  
districts will be reported in due course

Sir,

In reply to your docket <sup>18</sup> No. 971/  
2741-92 dated 13<sup>th</sup> July 1893, I have the honor  
to forward, herewith, copy of docket  
No. 3465/  
279, dated 13<sup>th</sup> ultimo, from the  
Deputy Commissioner, Shimoga  
District, reporting the result of enquiry  
in the case of the ten bottles of spurious  
foreign liquor found in a shop at Shimoga.  
It will be seen that the shopkeeper  
obtained them long before the new  
Rules of 9<sup>th</sup> May 1889 came to force.  
The Chemical Examiner having certi-  
fied that the liquor contained in one

of

of the above bottles, contained opium  
in such quantity as would prove  
injurious to health if the liquor  
be freely consumed, and the shopkeeper  
who possessed the bottles having failed  
to prove that he bought them from  
any particular firm, I ordered the  
liquor to be destroyed, and the empty  
bottles to be sold and the proceeds  
credited to Government.

19<sup>th</sup> ultimo, requesting that accounts  
may be scrutinized and the name of  
the Firm &c from whom the liquors were  
purchased traced and the results  
reported &c

---

With reference to the above, has  
the honor to state that the accounts  
of Siddaji Foreign liquor Shopkeeper  
at

at Shrinaga were examined and 64 bottles of wine of all sorts were found to have been credited in the accounts on the 12<sup>th</sup> May 1886, as having been received from Shopkeeper Venkata Row.

No details are given as to the description of wine, and Shopkeeper Siddaji states that the bottles in question are included among the 64 bottles referred to above, and that no separate accounts were then kept for each kind of wine, and that he is unable to say from what firm Venkata Row had obtained this supply.

The statement given by Siddaji, is herewith submitted for perusal.

Further begs to state that Venkata Row states in his deposition that he had a license for selling Foreign liquor during the year 1883-84, and does not remember now from what firm they had been obtained, as he has kept  
no

no accounts.

His statement received with the  
General Assistant Supervisor's report  
No 1740, is also submitted for inform-  
-tion.
